## Regulations, Red Tape and Resident Care

### F-Tag Review Web Seminar Series: Comprehensive Review of Regulations and Interpretive Guidance for top F-Tags

During this year long series, we will focus on a review of the top deficiencies cited nationally with the new Long Term Care Survey Process (LTCSP). Each session will focus on top-cited F-Tag with a review of the regulation and an analysis of the associated Interpretive Guidance. A review of survey procedures, such as associated Critical Element Pathways and/or Survey-or Probes used to guide the investigative process will be discussed. Actual citation examples will be shared and discussed. Tools to assist the facility interdisciplinary team in monitoring compliance and incorporating performance improvement activities into the facility QAPI processes will also be discussed.

Based on CASPER data from 2017 Standard Health Inspection Surveys the planned monthly F-Tag topics will be: (Note: Topics after April may be subject to change based on CASPER data for surveys occurring after November 28, 2017.)

### F-Tag Review Series:

## Comprehensive Review of Regulations and Interpretive Guidance for Infection Control/Antibiotic Stewardship F880-F881

January 31, 2018

9:30 a.m.

## Session Overview

This session will focus on F-Tag 880-881 with a review of the regulation and an analysis of the associated Interpretive Guidance. A review of survey procedures, such as the Infection Prevention, Control and Immunization Critical Element Pathway and the Surveyor Probes used to guide the investigative process will be discussed. Actual citation examples will be shared and discussed. Tools to assist the facility interdisciplinary team in monitoring compliance and incorporating into the facility QAPI processes will also be discussed.

At the conclusion of each session, the participant should be able to:

- Identify the regulatory requirements related to F880-F881
- Identify survey procedures that describe how Infection Prevention and Control is reviewed for compliance during the annual survey process
- Identify examples of how F-Tags 880-881 are commonly cited in the new LTCSP
- Identify tools for the leadership team to use for monitoring compliance with Infection Prevention and Control requirements
- Explain strategies for incorporating survey preparedness related to Infection Prevention and Control into facility QAPI processes
