PROACTIVE
MEDICAL REVIEW

Speakers

Amie Martin is an Occupational Therapist with twenty years' experience serving in long term care leadership and as a clinical program specialist. She is certified in health care compliance and has successfully partnered with providers to improve clinical outcomes, compliance programs, medical record documentation and to reduce error rates under medical review.

Shelly Maffia is a Registered Nurse and Nursing Home Administrator who has served in long term care leadership and consulting positions, including Director of Nursing, Administrator and Corporate Nurse Consultant. She earned the QAPI Certified Professional (QCP) credential from the American Association of Nurse Assessment Coordination (AANAC), which was established to promote the highest standards for QAPI program implementation in the long term care profession.

Driving 5-Star & RoP Implementation Through a QAPI Approach

Proactive Medical Review & Consulting assists post-acute care providers in ensuring compliance with regulatory standards and promoting measurable care excellence. Proactive specializes in SNF risk assessment, Quality Assurance Performance Improvement (QAPI) projects, medical record review services and staff development to promote care quality and effective clinical documentation. Proactive offers consulting for Medical Review and Medicare appeals and is uniquely positioned to assist SNF providers with therapy oversight and the defense of skilled rehab services through their team that includes therapist consultants, nurses, administrators, MDS and SNF/NF billing experts.

Pain: Analyzing 5-Star Pain Quality Measures & Applying QAPI Principles to Improve Pain Quality Measures

May 23, 2017

9—10:15 a.m.

This session will review the pain quality measures that impact the Quality Measure component of the Nursing Home Compare 5-Star Quality Rating system. During the session, we will review how these measures are calculated and how they impact your overall 5-Star Quality Rating. The session will focus on best practices for pain management to improve your pain quality measures using a QAPI framework with emphasis on reduction of common MDS coding errors and implementation of a facility specific 5-Star road map action plan. Sample tools will be shared for driving and sustaining 5-Star Quality.

At the conclusion of this session participants should be able to:

- Understand how the pain quality measures are calculated and impact the 5-Star Quality Rating score
- Describe best practices for improving pain quality measures impacting 5-Star Quality Rating score
- Describe a process for establishing priority QAPI goals and actions to improve pain quality measures

Continuing Education

Illinois nursing home administrators, social workers, physical therapists/physical therapy assistants and licensed nurses will earn 1.25 clock hours of continuing education for participating in this session. The Illinois Health Care Association is approved as a sponsor of continuing education for nursing home administrators, social workers, physical therapists/physical therapy assistants and licensed nurses by the Illinois Department of Financial and Professional Regulation.

This session has also been submitted for NAB approval for administrators and nurses.

Pricing & Fees

When registering, the main registration fee is for one log in—on person, one computer and one phone line—only. If you want to have multiple computers in your facility logged in, additional fees are required. Also, if more than one person per log in wishes to receive CEs, they should be listed under Participants and the Additional person fee of \$15 applies to each individual. Be sure to list their email as well so that they can receive their certificate of attendance to the web seminar. If additional individuals plan to listen in, but do not need CEs, you do NOT need to register them.
