

October 23, 2010

To Whom It May Concern,

I am interested in applying for a Certified Nursing Assistant position with your facility. I graduated on Tuesday, October 19, 2010 from Danville Area Community College with a 96% average in the class, receiving my certificate in CPR at this time, as well. I will take the state exam on December 11, 2010.

I am looking to work as a CNA while furthering my education to reach my degree as a Licensed Practical Nurse.

Thank you,

Janet L. King
