Regulations, Red Tape and Resident Care

F-Tag Review Web Seminar Series: Comprehensive Review of Regulations and Interpretive Guidance for top F-Tags

During this year long series, we will focus on a review of the top deficiencies cited nationally with the new Long Term Care Survey Process (LTCSP). Each session will focus on top-cited F-Tag with a review of the regulation and an analysis of the associated Interpretive Guidance. A review of survey procedures, such as associated Critical Element Pathways and/or Survey-or Probes used to guide the investigative process will be discussed. Actual citation examples will be shared and discussed. Tools to assist the facility interdisciplinary team in monitoring compliance and incorporating performance improvement activities into the facility QAPI processes will also be discussed.

Based on CASPER data from 2017 Standard Health Inspection Surveys the planned monthly F-Tag topics will be: (Note: Topics after April may be subject to change based on CASPER data for surveys occurring after November 28, 2017.)

- January—Infection Control/Antibiotic Stewardship F880, F881 (Former F441)
- February—Food Safety F812, F813 (Former F371)
- March—Accidents/Bed Rails F689, F700 (Former F323)
- April—Quality of Life/Quality of Care F675, F684, F697, F698, F744 (Former 309)
- May—Pharmacy Services F755, F761 (Former F431)
- June—Comprehensive Care Plan F656 (Former F279)
- July—Unnecessary Drugs F757, F758 (Former F329)
- August—Resident Records F842 (Former F514)
- September—Resident Assessments/Accuracy of Assessments F641 (Former F278)
- October—Dignity and Respect of Individuality F550 (Former 241)
- November—Treatment/Services to Prevent/Heal Pressure Ulcers F686 (Former F314)
- December—Services Meet Professional Standards F658 (Former F281)

Speaker

Amie Martin is an Occupational Therapist with twenty years' experience serving in long term care leadership and as a clinical program specialist. She is certified in health care compliance and has successfully partnered with providers to improve clinical outcomes, compliance programs, medical record documentation and to reduce error rates under medical review.
